**Must-have accessories** Travelers will love Louis Vuitton's chic carrier, the Sac Chien (866-884-8866). Or try an airline-approved, under-seat Sherpa dog carrier ([www.sherpapet.com](http://www.sherpapet.com)). Chins shed prodigiously, but their soft hairs are easily removed with high performance tape rollers such as the Helmac Pet Hair Pic-Up and Tacky Vac ([www.evercare.com](http://www.evercare.com)). Luckily those long hairs are easier to lift than the stubborn quill-like hairs of short-coated breeds.
